## Join Us For A Very Special Evening

The Tenafly School District is proud to present a powerful new program designed to address **prejudice, bullying, violence and negative peer influence** in our schools and community.

### Rachel's Challenge

This must-not-miss event is an inspirational story of courage and hope.

Rachel Scott, the first person killed in the Columbine High School tragedy, left behind a simple challenge:

*"Treat others with kindness and compassion and you just may change the world..."*

Tenafly Students in grades 7-12 will be taking on ***Rachel's Challenge*** to create a climate of kindness when a Rachel's Challenge host brings this incredible program to our schools.

**Parents, no matter what your child's age**, come learn how we can help create a better environment in our schools and community during the community presentation of this program.

### ***Rachel's Challenge***

**Tuesday, February 26<sup>th</sup> at 7:30 p.m.**

**Tenafly Middle School Auditorium**
